

BR-DLD6-12-0.4-A2

1. Advanced, top security technology with high performance.
2. Its attached with water tank, high pressure pump, fully automatic high and low water level cut-off device, refill valve, pressure controller, the durable calorific wire for water level gauge.
3. Each boiler welding seam has passed X-ray check.
4. It proves to have reliable quality after the examination.

6KW Fully Automatic Electrically Heated Steam Boiler

Product details: -

Brand Name: Britex

Style: Vertical

Output: Steam

Weight: 66kgs

Pressure: High Pressure

Dimension(L*W*H): 69*69*115cm

Product name: Smart Steam Boiler

Type: Natural Circulation

Usage: Industrial

Structure: Water Tube

Fuel: Electric

Certification: ISO9001

Applicable Industries: Garment Shops, Manufacturing Plant ETC...
